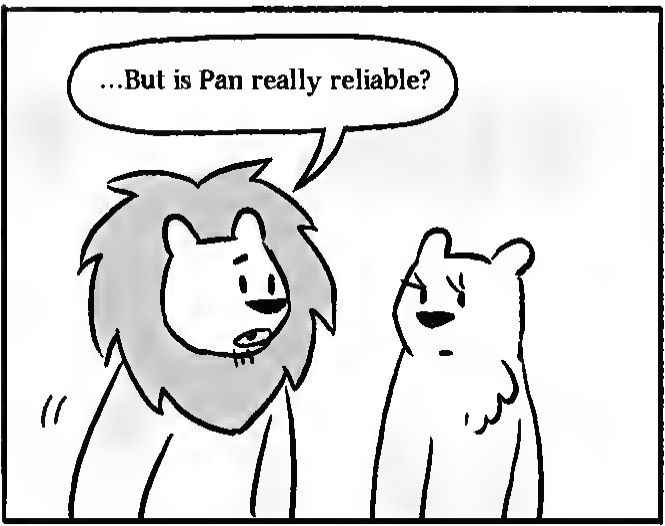
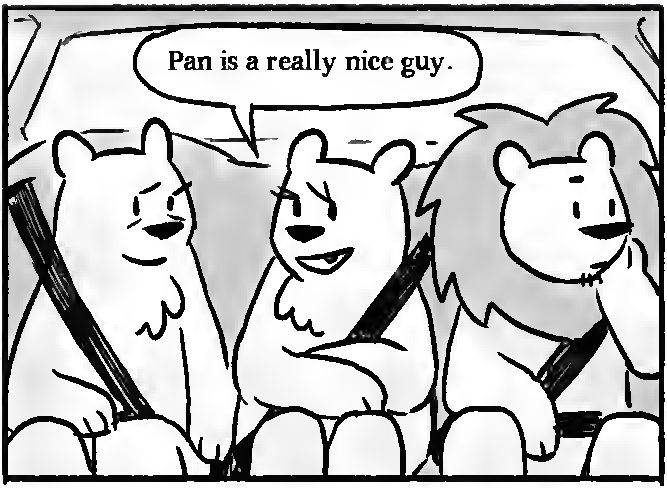
Do you remember this scar?
Yeah, we were riding a bike and we fell over.

You scratched your hand, but I didn't get hurt.
So?

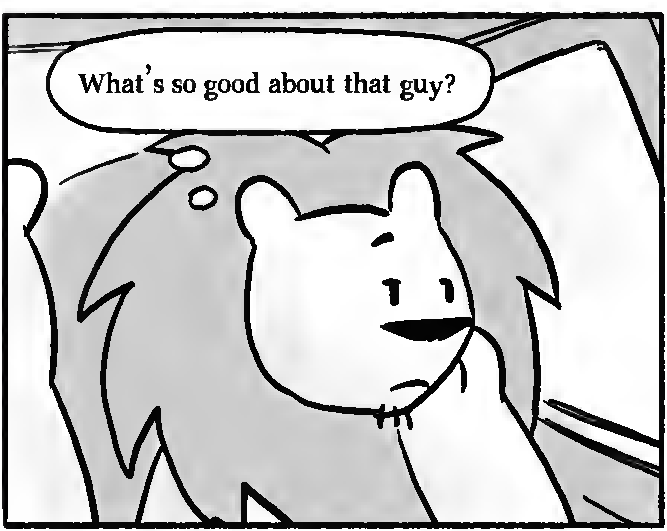
I know, I know.
You cunning little girl...
hehe!



...But is Pan really reliable?

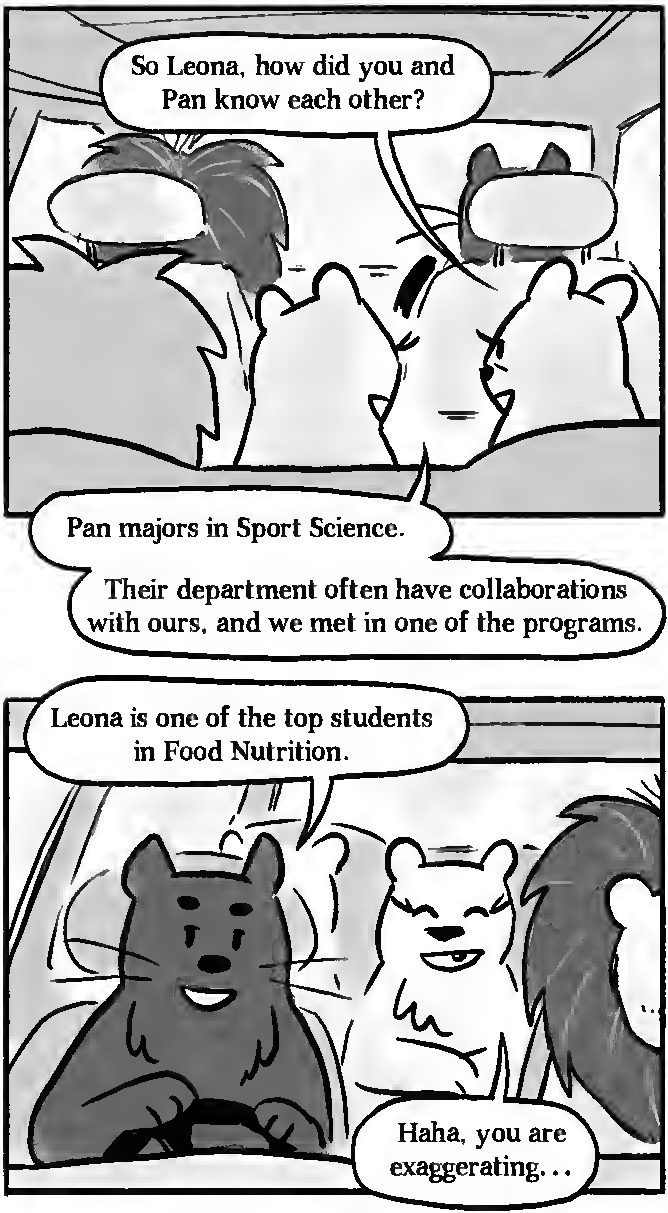


Pan is a really nice guy.

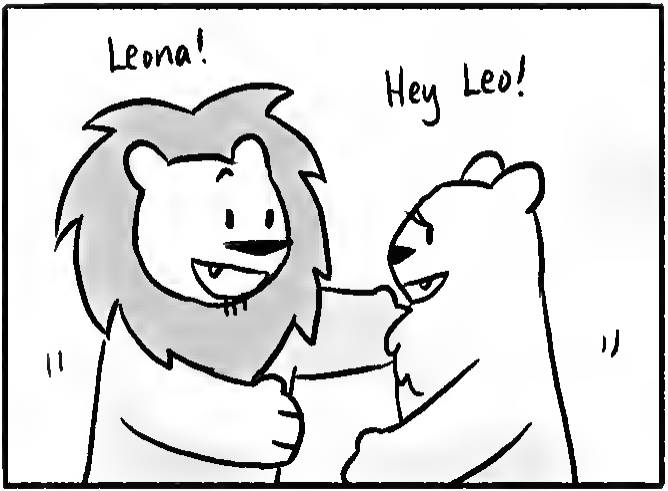


What's so good about that guy?

You should be our sports coach, Pan!
.....

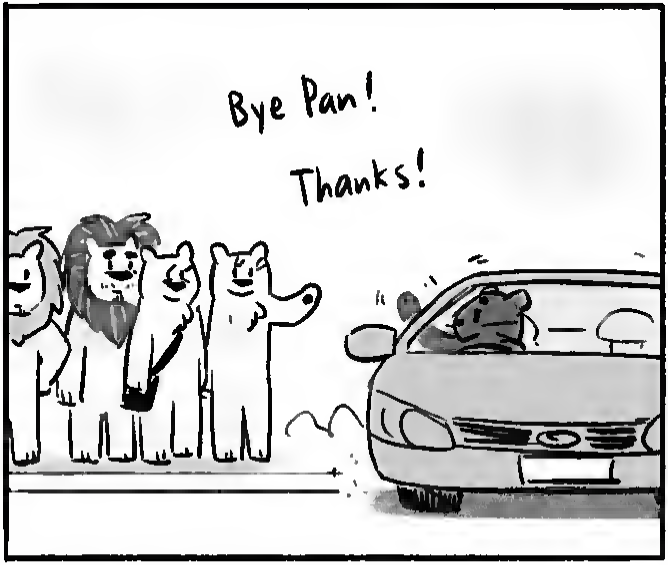


So Leona, how did you and Pan know each other?
Pan majors in Sport Science.
Their department often have collaborations with ours, and we met in one of the programs.
Leona is one of the top students in Food Nutrition.
Haha, you are exaggerating...



She is doing great, she loves her life, she is happy...

...and she has a boyfriend.

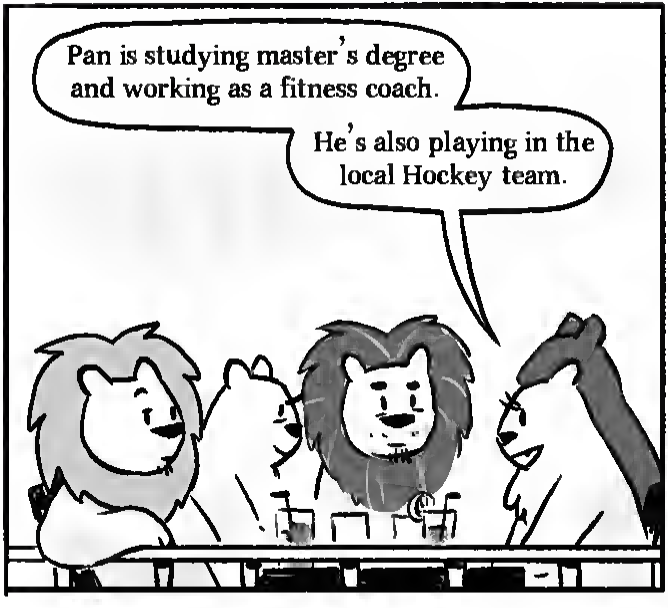


Bye Pan!
Thanks!

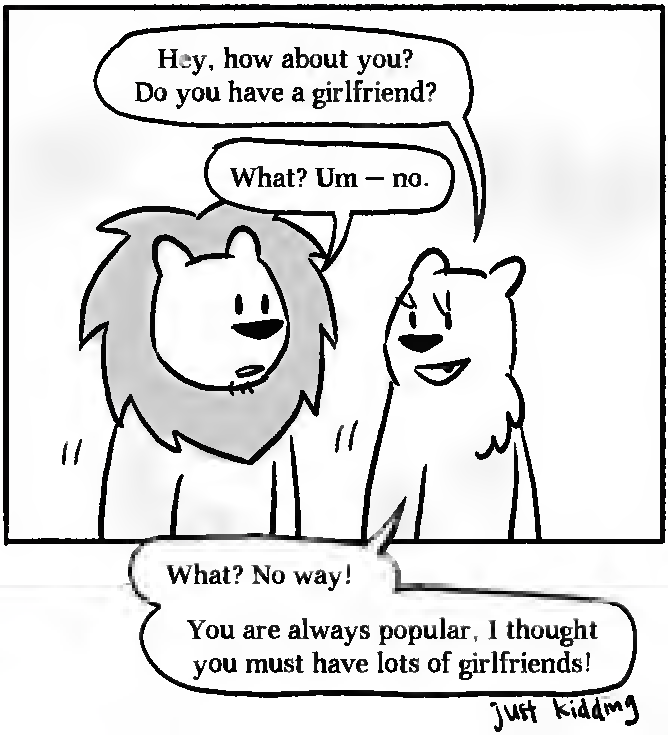
...Give me your hand.

Sometimes, I forgot Leona is already an independent individual who has her own will.

We also learned more about Pan.

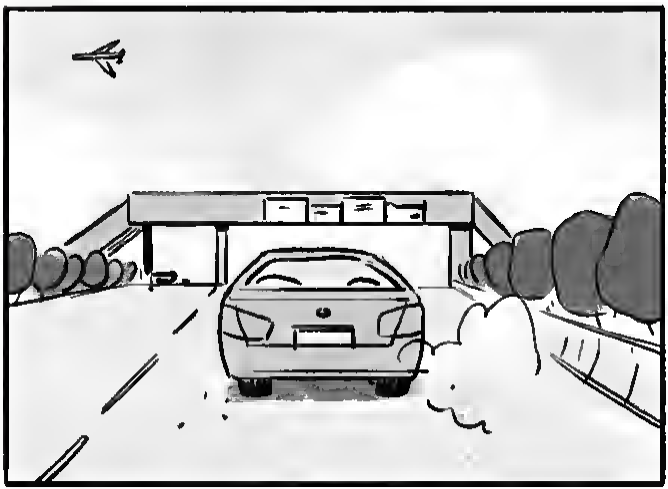


He is smart, he is strong, he is good looking, and he loves Leona.



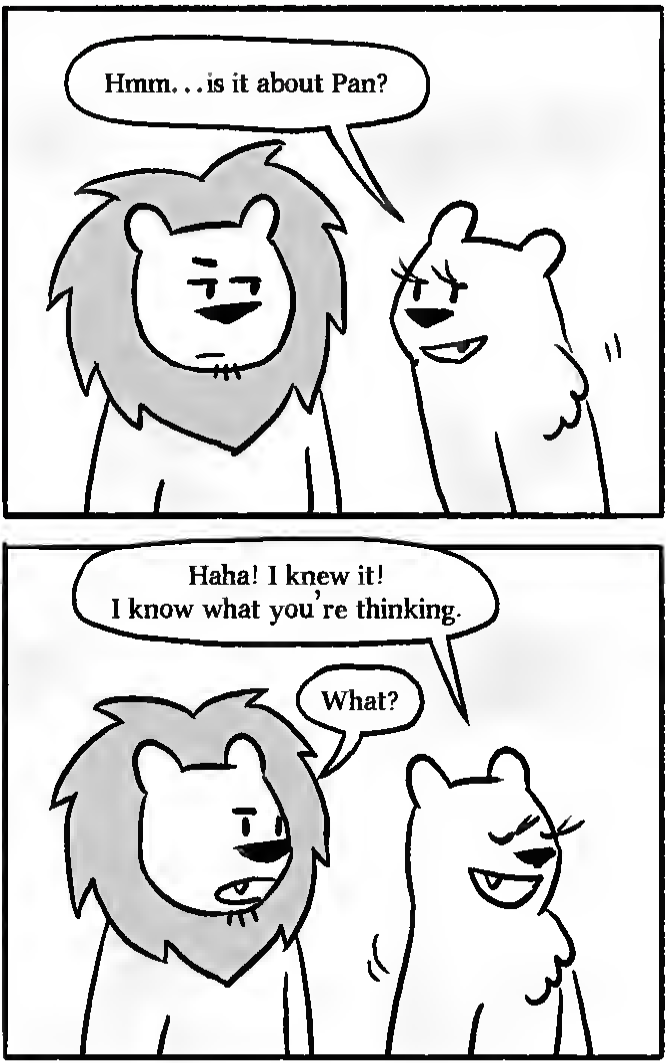
Hey, how about you? Do you have a girlfriend?
What? Um – no.
What? No way!
You are always popular, I thought you must have lots of girlfriends!
Just kidding

CARPARK



Hello. Nice to meet you.
Pan, is it? I knew it already when I saw you two at the gate.

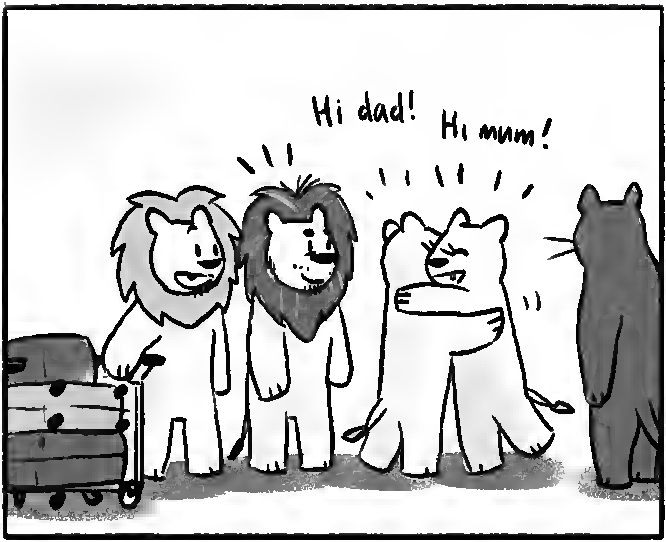
This is my older brother, Leo.



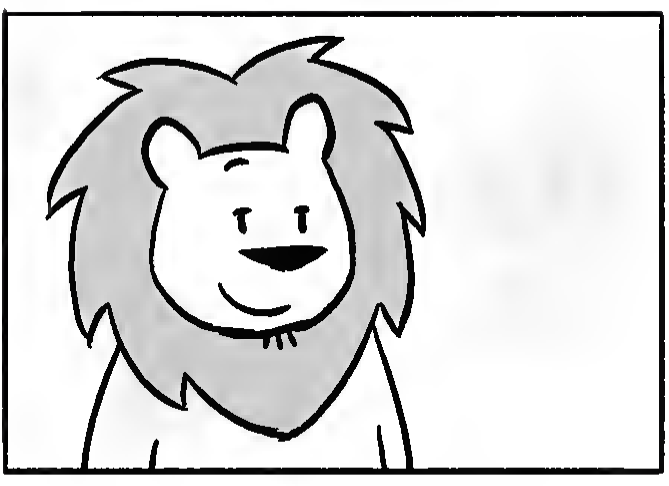
Hmm. . . is it about Pan?
Haha! I knew it!
I know what you're thinking.
What?

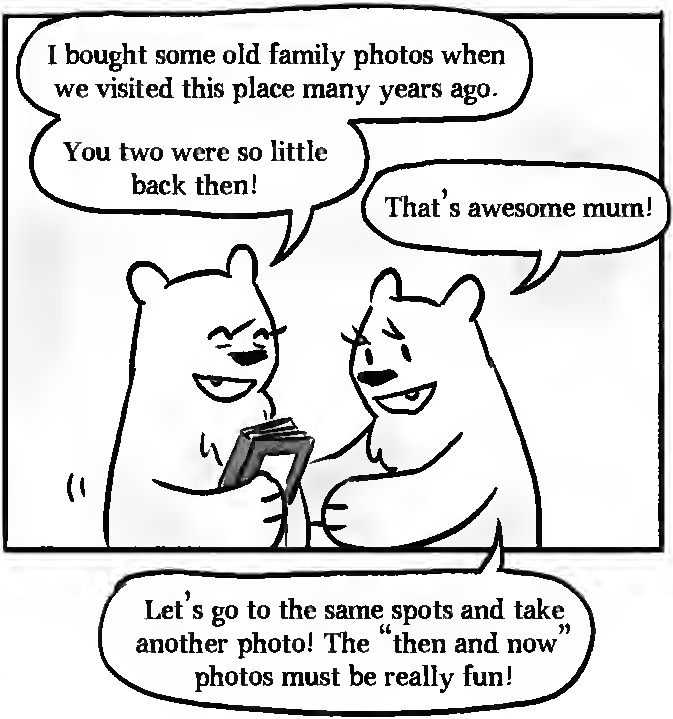
Nice to meet you, Leo.
Hey there.

I want to introduce Pan in a better way, but he has a car so I thought we can pick you guys up...
That's very nice of you.



We are all very happy to see her.

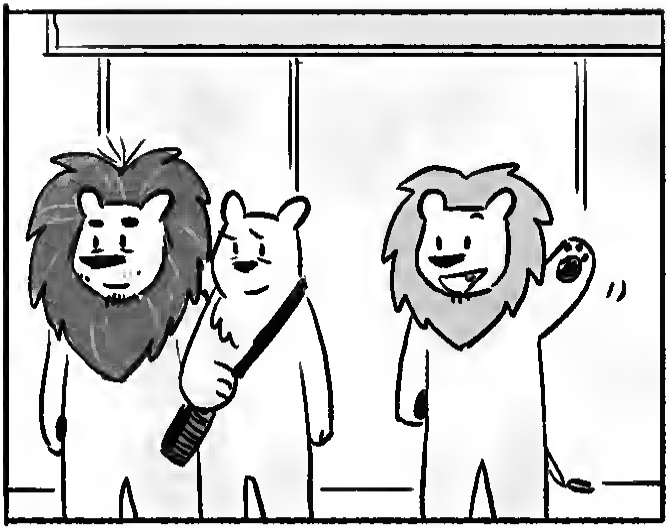




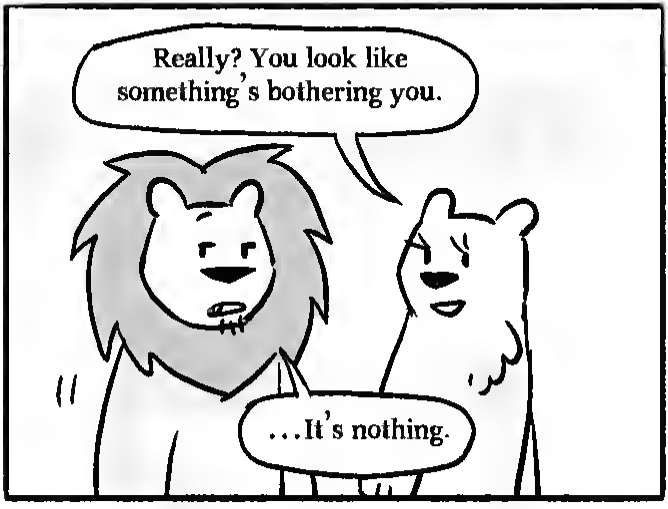
I bought some old family photos when we visited this place many years ago.
You two were so little back then!
That's awesome mum!
Let's go to the same spots and take another photo! The "then and now" photos must be really fun!

We toured around the city, revisited some places and took lots of photos.

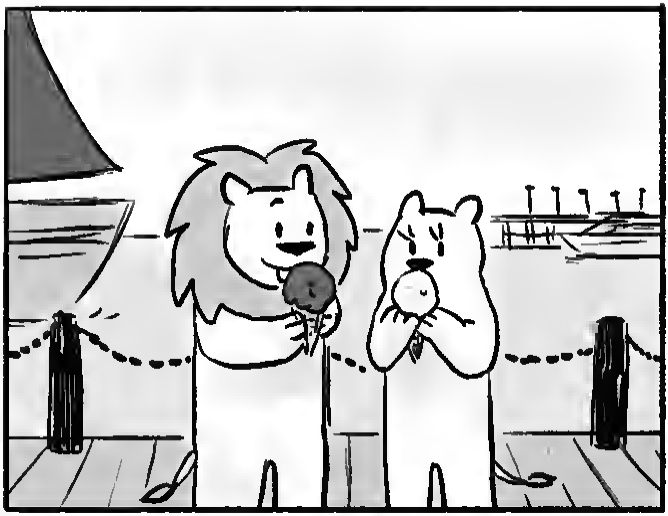
On the next day,
Leona showed us around the city.

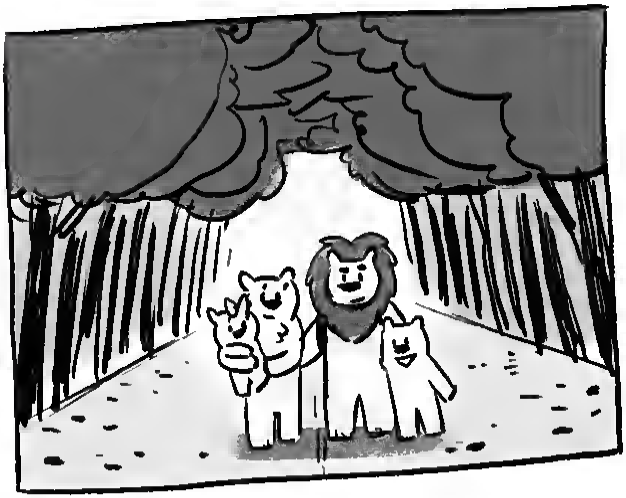


Hey Leo, you alright?
I'm fine.



Really? You look like something's bothering you.
...It's nothing.





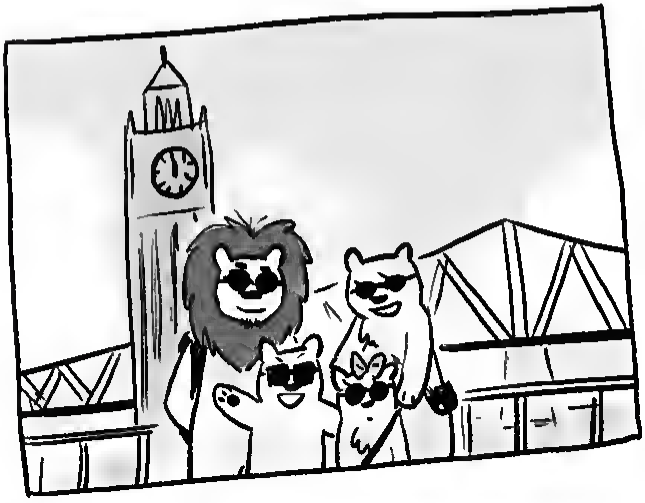
Yeah, we've been getting along well and he is nice to all of us.
Don't you think so?
Well, yeah, but...
Can you at least trust your sister's choice?
Okay, okay, I know.

?

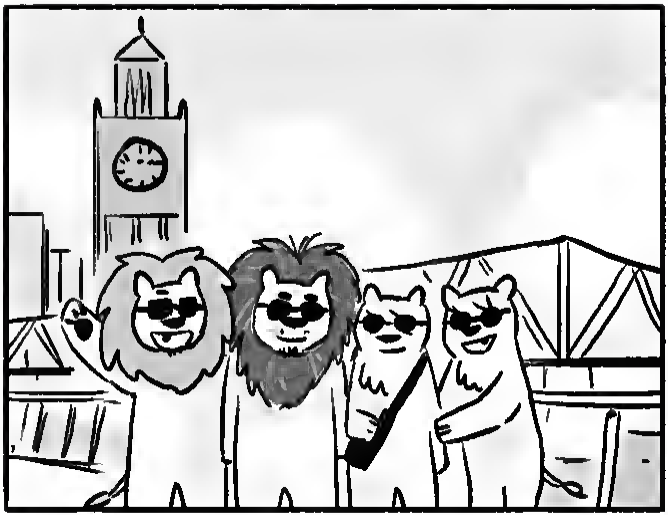
Hey guys, um, this is Pan.
He's my boyfriend.

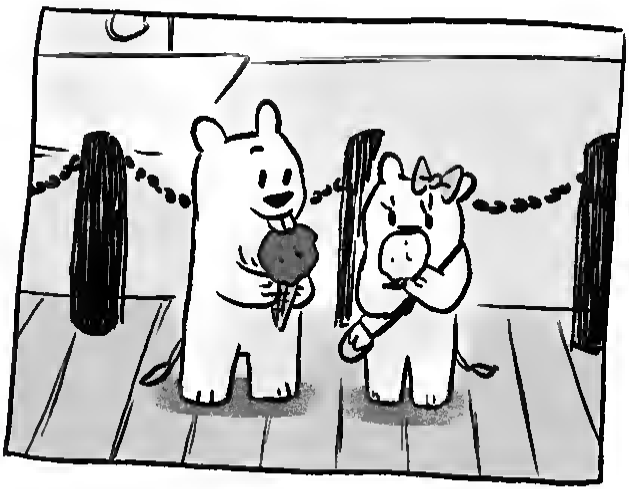
But Leona is *my* sister, I'm supposed to protect her and be the one she loves the most!
Moreover, why are mum and dad totally okay with this guy?

So, Leo, you are always my big brother who takes care of me.
We have been together since we were born. No one can ever take your place. Get it?



Sometimes, I forgot Leona is already an independent individual who has her own will.





I'll help you hold this.
Thanks!
come here and take photo with us!

One, two, three, cheers!

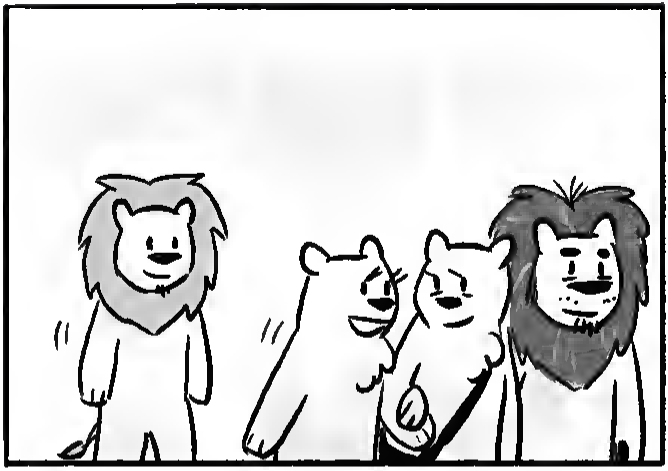
But because Pan is on holiday and he has a car,
he came as well.



I believe she knows what is good for herself...

...but I will always care for her like
a responsible big brother.

I bought some water.
Thanks.

Okay, at least he is helpful.
